

GENERAL INFORMATION FOR PROVISION 3 - FISCAL ACTION

1. The Fiscal Action Forms included in this package are:

FA-1, FISCAL ACTION WORKSHEET - SCHOOL - This form is used for each school reviewed. The form contains three sections:

Certification and Benefit Issuance Errors;

Meal Count and PS2 Errors which is used for errors not requiring recalculation; and Calculation Summary which summarizes the previous two sections and includes the amount of any recalculation.

Note: The regular Fiscal Action forms and instructions must be used when reviewing meal count by category schools and schools operating under Provision 1. Use Provision 3 FA-1, FA-2, FA-3, FA-5, and FA-7 for review of Provision 3 schools in a non-base year.

FA-2, SUMMARY - CERTIFICATION AND BENEFIT ISSUANCE ERRORS - Use this form to summarize the Certification and Benefit Issuance section from all of the individual school reviews. This form will provide the total overclaim for these errors for all schools reviewed and provide meal count adjustment data.

FA-3, SUMMARY - MEAL COUNT AND PS2 ERRORS - Use this form to summarize the Meal Count and PS2 Errors section from all of the individual school reviews. This form will net individual school overclaims and underclaims and provide meal count adjustment data.

FA-4, PARTIAL RECALCULATION WORKSHEET - This form is used when recalculation is necessary because accurate counts by category are unreliable, **but** the total meal count is reliable. Note: The regular Fiscal Action forms and instructions must be used when reviewing meal count by category schools and schools operating under Provision 1. FA-4 is not needed for Provision3 schools in a non-base year; therefore, a Provision 3 FA-4 is not included in the forms set.

FA-5, FULL RECALCULATION WORKSHEET - This form is used when recalculation is required because the counting system used by the reviewed school is unreliable.

FA-6, FISCAL ACTION WORKSHEET - SFA AND SFA SUMMARY - This form is used for SFA errors and computing the total SFA (SFA and reviewed schools) overclaims and underclaims and meal count adjustments. Note: The regular Fiscal Action forms and instructions must be used when reviewing meal count by category schools and schools operating under Provision 1. FA-6 summarizes fiscal action for all types of schools in the SFA; therefore, only one FA-6 is used for each CRE regardless of the type of school(s) reviewed. Combine the information from all school reviews onto one FA-6 Summary.

FA-7, FISCAL ACTION WORKSHEET-NONREIMBURSABLE MEAL ALLOCATION - This form is used to allocate ineligible meals, meals with PS2 errors, and incomplete meals, by category.

2. The following review forms are needed to complete fiscal action:

SFA-2

S-1 (for each school reviewed)

S-5 (for each meal count by category school reviewed). The regular Fiscal Action forms and instructions must be used when reviewing meal count by category schools and schools operating under Provision 1. The Provision 3 S-5 is used in conjunction with the Provision 3 S-6 and S-6a to calculate fiscal action for Provision 3 schools in a non-base year.

Provision 3 S-6 and S-6a (for each Provision 3 school reviewed in a non-base year).

S-7 (for each school reviewed.)

S-8 (for each school reviewed and the SFA).

3. S-5, Certification and Benefit Issuance Error Worksheet must be completed before calculating fiscal action. Refer to FA-INS-2 for information on how to complete this form. The regular Fiscal Action forms and instructions must be used when reviewing meal count by category schools and schools operating under Provision 1. The Provision 3 S-5 is used in conjunction with the Provision 3 S-6 and S-6a to calculate fiscal action for each Provision 3 school in a non-base year.
4. Use a copy of FA-7 to allocate total meals into categories for ineligible meals, including second meals, meals with PS2 errors, and incomplete meals errors.
5. Participation factors and participation rates are used in certain calculations. The procedures used to calculate participation rates are included in the instructions for FA-4, Partial Recalculation. Instructions for calculating a participation factor is included in the instructions to S-1, 15. If Full Recalculation is required, refer to the Fiscal Action section of the CRE Guidance.
6. A plus sign (+) represents an overclaim and a negative sign (—) represents an underclaim on the fiscal action forms.
7. Rounding Instructions: Carry all calculations to 4 decimal places and round back to 3 places using standard rounding procedures, i.e., round down for numbers ending in 0-4 and up for numbers ending in 5-9, except dollar amounts which are rounded to the nearest whole cent and meals which are rounded to the nearest whole meal.
8. 2¢ Differential: The fiscal action forms require the full rate of reimbursement (Section 4 plus Section 11) in some computations. In those cases where schools receive the additional 2¢ Section 4 reimbursement, the higher rate of reimbursement must be used.
9. Performance-based reimbursement: SFAs certified by the SA in compliance with the meal patterns are eligible to receive cash assistance, performance-based reimbursement for all lunches served. For SFAs receiving the performance-based reimbursement, the additional reimbursement is added to the Section 4 rate when determining the reimbursement rate used for FA. Refer to 7.1 of the CRE Procedures Manual and SP-54-2014 for additional information on fiscal action related to the performance-based reimbursement.

SCHOOL FISCAL ACTION WORKSHEET SPECIAL ASSISTANCE PROVISION 3 NON-BASE YEAR

Complete one sheet for each school reviewed. If fiscal action will affect two fiscal years (July-September and October-June), use of a separate form for each fiscal year must be completed for each school.

Complete Provision 3 S-5, Certification and Benefit Issuance Error Worksheet, before completing this section. If full recalculation is required, follow the procedures outlined in the CRE Guidance to avoid unjustified overclaims.

1. A,D,G. Not Applicable for schools operating under Provision 3 during a non-base year.
 B,E,H. Not Applicable for schools operating under Provision 3 during a non-base year.
 C,F,I. Enter the number of meals claimed incorrectly for the review month up to the date of corrective action. See instructions for Provision 3 S-6a. Differences in the number of meals claimed should be recorded in Box C, F, and I as appropriate. (From Provision 3 S-6a, CHART D, Column (9) for each claim outside the review period where an adjustment is needed.
2. Record the Section 4 & 11 Free rate in 2 A and the Section 4 & 11 Reduced rate in 2 B. Enter the Section 4 rate in 2 C.
3. Multiply: 1C by 2A and record the results in 3A; 1F by 2B and record the results in 3B; 1I by 2C and record the results in 3C.
4. Disregard if the total results in a net underclaim. Item 4 is always an overclaim.

Complete lines 5 and 6 only if the school does not or cannot correct errors found on the day of the review. Do not complete line 5 if full recalculation includes the day of review.

5. Any differences identified in Provision 3, S-1, block 13 will not result in fiscal action and should not be carried forward onto Provision 3, FA-1, Line 5.
6. Use Provision 3 S-1, 16, 17 and 18. Complete Provision 3 FA-7, if necessary, and record the results in blocks 6A, 6C, and 6E, as applicable. If full recalculation is required, do not use Provision 3 S-1, 18 to complete FA-7 for this entry.
7. Use Provision 3 S-7 and Provision 3 S-8. Complete Provision 3 FA-7, if necessary, for any missing menu items/food items for the review period or other claim periods. Sum the amounts from all Provision 3 FA-7 forms for this school for this deficiency and record the results in blocks: 7A, 7C, and 7E, as appropriate.
8. Use Provision 3 S-8. Record the differences for the school by category. Do not complete this entry for claim periods requiring full recalculation.
9. Add the columns and record the results by category.
10. Net out the amounts in line 9 by category (9A-9B; 9C-9D; 9E-9F) and record the net negative or net positive results for each category. Do not combine categories.
- 11a. If the school receives the additional 2¢ Section 4 reimbursement, check the box. Use the appropriate rates of reimbursement (Section 4 + Section 11) including the 2¢ Section 4 differential, if appropriate, for each category that has an entry in line 10.
- 11b. Performance-based reimbursement: If the school receives the additional performance-based (6¢) reimbursement, calculate the fiscal action based on NSLP meals only.
12. Multiply amounts in line 10 by the rates in line 11 and record.
13. Add entries (12A+12C+12E), subtract entries (12B+12D+12F), and record the results. Identify whether it is an overclaim(+) or underclaim(-).
14. Record the dollar amount shown on line 4.
15. Record the dollar amount shown on line 13.
16. Enter the overclaim or underclaim amount from line 11, FA-5.
17. Net lines 14 through 16 and enter the results in the appropriate column.

INSTRUCTIONS FOR PROVISION 3 FA-6

FISCAL ACTION WORKSHEET - SFA AND SFA SUMMARY SPECIAL ASSISTANCE PROVISION 3 NON-BASE YEAR

This form summarizes the results of the individual school reviews and the results of the SFA review. If the fiscal action and/or meal count adjustments will affect two fiscal years (July-September and October-June), complete a summary for each fiscal year. Separate sets of Fiscal Action forms are used for schools using standard meal counting procedures and those under Provision 3. Information from all schools and all types of Fiscal Action forms should be combined to complete this form, FA-6.

1. Use SFA-2, 103. Deduct the amount of any consolidation error directly attributable to schools requiring recalculation of the review period and record the differences in the appropriate category(ies).
2. Use Provision 3 S-8. For SFA level PS2 errors noted on Provision 3 S-8, complete Provision 3 FA-7, if necessary. For SFA consolidation errors, deduct the amount of any consolidation error directly attributable to schools requiring recalculation of that claim period. Sum all SFA errors and record in the appropriate categories.
3. Add lines 1 and 2 by category.
- 4a. Use the appropriate rates of reimbursement (Section 4 + Section 11 for columns A-D) including the 2¢ Section 4 differential, if appropriate.
- 4b. Performance-based reimbursement: fiscal action for PS2 errors includes the performance-based reimbursement based on NSLP meals only.
5. Multiply amounts in line 3 by the rates in line 4 and record.
6. Add any amounts in line 5 (A+C+E) and subtract any amounts in line 5 (B+D+F). Record the results. Identify whether it is an overclaim (+) or underclaim (-).
7. Enter the net amount from line 2A of Provision 3 FA-2, Summary - Certification and Benefit Issuance Errors.
8. Enter the amount from line 2 of Provision 3 FA-3, Summary - Meal Count and PS2 Errors, under the appropriate category.
9. Enter the amount from line 6 of this form, Provision 3 FA-6, Fiscal Action Worksheet - SFA and SFA Summary, in the appropriate column.
10. Add the columns and enter the results.
11. Net the overclaim and underclaim amounts in line 10 and record the net amount in the appropriate column.
12. Use Provision 3 FA-1, line 16. If more than one school was recalculated, net all Provision 3 FA-1, line 16 entries and record the results.
13. Net line 12 and line 13. If line 11A and 12B are completed, enter 0 if the net difference is an underclaim. If line 11B and 12B are completed, enter only the 11B amount on line 13. If the total net claim is 0, do not complete lines 14-20.
14. Enter the meal count adjustment amounts from line 3 of FA-2, Summary - Certification and Benefit Issuance Errors, in the appropriate column. The – Free and + Paid columns may only be used for adjustments identified during review of Provision 2 and Provision 3 schools in a non-base year.
15. Enter the meal count adjustment amounts from line 3 of Provision 3 FA-3, Summary - Meal Count and PS2 Errors, in the appropriate column.
16. Enter the amount from line 3 of this form, Provision 3 FA-6, Fiscal Action Worksheet - SFA and SFA Summary, in the appropriate column.
17. Add the columns and enter the results, by category.
18. Net the overclaim and underclaim adjustments in line 18, by category, and enter the net amount in the appropriate column. Do not offset adjustments between categories.
19. Report meal count adjustments for recalculated claims only when the recalculated claim amount is included in line 13 above. Use Provision 3 FA-5, lines 12-14, Full Recalculation Worksheet. If more than one school was recalculated, net the amounts from lines 12-14 of the Provision 3 FA-5 form(s) and record the results in the appropriate columns.
20. Net the overclaim and underclaim adjustments, by category, and enter the net adjustment in the appropriate column. Do not offset amounts between categories.

FISCAL ACTION WORKSHEET - NONREIMBURSABLE MEAL ALLOCATION SPECIAL ASSISTANCE PROVISION 3 NON-BASE YEAR

Use this form to assign ineligible meals, meals with PS2 errors, and incomplete meals for the day of review from Provision 3 S-1, 16, 17 and 18:

Block 17-Ineligible Meals - second meals, adult meals
Block 18-Meals with PS2 errors
Block 19-Incomplete Meals

This form is also used, when necessary, for assigning meals from Provision 3 S-7 and Provision 3 S-8 for meals with PS2 errors, for the review period and other claim periods.

Complete a separate form for day of review deficiencies, review period deficiencies and for other claim periods where deficiencies were identified. If the errors affect two fiscal years (July-September and October-June), separate forms for each fiscal year must be completed.

If OTHER is checked, identify the claim period(s).

- A. Record the number of lunches which must be allocated.
- For day of review findings, this is the sum of Provision 3 S-1, 16, 17 and the entry under Incomplete for 18.
 - For a PS2 error for the review period, this is the Total amount under column 10 of Provision 3 S-7.
 - For a PS2 error for other claim periods, use Provision 3 S-8.
 - If recalculation includes the day of review, do not include any entry from 17 in the number of lunches to be allocated.
 - If the number of meals identified in Provision 3 S-1, 17 was computed on meal count data before recalculation, recompute the adjusted number of meals with PS2 errors for column A.
- B. Enter the Claiming Ratios by category that will be used to determine the number of lunches by category that were claimed in error.

The following chart may be used to calculate the Claiming Ratios for Provision 3 schools.

Enter the base year claim period used to calculate the claiming ratios. This period may be the corresponding review period in the base year or the cumulative base year counts by category.

Enter the free, reduced price, paid and total lunch counts that were established during the base year.

Divide the free lunches claimed during the base year claim period by the total lunches claimed during the base year claim period. Divide the reduced price lunches claimed by the total lunches claimed during the base year claim period. Round the free and reduced claiming ratios to 3 decimal places and enter under "Claiming Ratio."

To establish the paid claiming ratio, add the free and reduced claiming ratios and subtract the sum from 1.000.

Base Year Claim Period:	\div by D. Total Meals Claimed = 	Claiming Ratio
A. Free Meals Claimed:		Free
B. Reduced Price Meals Claimed:		Reduced
C. Paid Meals Claimed:		Paid
D. Total Meals Claimed:		1.00

Enter the Claiming Ratios in Column B of Provision 3 FA-7.

- C. On Provision 3 FA-7, multiply the Total Lunches in Error in column A by the Claiming Ratio in Column B. Enter nonreimbursable meals by category in column C. The total number of lunches in column C cannot exceed the number of lunches in Column A. Adjust the entry for Paid if the total number of lunches in column C is different from column A. This difference is due to the effects of rounding.
